

January's Meeting Notes

Exchequer – We have about \$2700 in account. Collected \$65. Domesday report due soon.

Seneschal –

Rapier Marshall – if I do not see fighters fighting before Pennsic, then you're off the roster. I will be looking for a replacement soon, as I'll be moving further into Flaming Gryphon.

Archery Marshall - still on hiatus. Weather is not on our side.

Thrown weapons – none

Herald – Domesday report turned in. 2 awards reported. If any others received, please let her know.

MoAS – We had an A&S class. Class should pick up with Kiara this month. Haven't seen the other man who offered to teach guilding class. A class is set up for next month. Seneschal suggested a judging class and documentation.

Chatelaine – I've talked with Clermont Co Library about doing a demo on June 11th. It would kick off their summer reading program. There are currently no events set up that weekend. They're asking for options (one or two people do a class or do a tourney). Updates to follow. We have a new fencer (Manish). His wife is interested, but not totally so.

Chronicler – Domesday report submitted. Current newsletters are available on the Facebook group and the updated website. Please send any submissions (artwork, articles, reports, etc) to me. Thanks!

Web Minister - the new website is up!

Youth Combat Marshall – I'm stepping up to Regional.

Old Business

Twelfth Night wrap up – thanks to everyone who made it work. A really cool event! Randy and his folks will be looking ahead to see if that date and location are available next year, to present to the committee next month.

Winters End – The only new info is we're going to be casting the site tokens. Please save all aluminum soda cans and bring to Marcos at practice. We plan on casting about 200. Needs to use Reinhold's drill press. It will be about 300-400 cans. Everything is still on as of the last meeting. No questions regarding the bid. Reinhold will have hurlbats as tourney prizes. Artemisia made a motion to have event. Baroness seconded. 2 abstain. 12 for. None against. Motion passes. Winter's End is a go. Facebook event page should be up in the next few days, as well as adding us to Kingdom Calendar and official event page. Need \$100 to reserve location.

Demo for the club – we are on for next Tuesday night. Please arrive before 7pm to be ready at 7pm. We'll have about 60 kids. Carpool if possible. Please wear garb and nice armor.

New Business

May Day – It has been through the financial committee and signed off on. The shelter is reserved, same exact spot as last year. Still discussing doing archery in the baseball field that is no longer used. Shelter is \$125 to rent. Feast will be dragon chef competition. The idea is to have 3 teams (like Flame, Fenix, and Flaming Gryphon). The feast budgeted for about \$200. Want to do fundraisers again, like lunch, breakfast, SCA garage sale. If we have any royalty there, \$100 to cover hotel room. \$50 for misc. like children's activities. (see attached bid) To be voted on next month, but we do need to pay \$125 to reserve the shelter. 1 abstain, none opposed. Motion passes.

Championships – hoping to move back to Labor Day weekend. Discussions of maybe doing it at the same site as May Day.

Request for Lunch - We have been asked if we're interested in doing lunch at Winged Hills Collegium on Sat Feb 7. Average is about 60 people in attendance. Please bring classes as well. Motion for up to \$100 for seed money. 0 opposed, no abstain. Motion passes.

Winter's End lunch tavern – motion for lunch fundraiser. No seed money necessary.

Fliers - We have new display stands (labeled) to put our fliers in them and distribute to various local places. Over-stating would be \$10 per location. Quest – find places to recommend where a stand should be placed. Fliers and stands will be brought to the next meeting.

No announcements.
