

March 2019 Meeting Notes

Baron and Baroness – we have heirs. Congrats to Angus and Mellie!

- For May Day, there's been communication with HisRH and he wants to focus on bringing the magic back to Midrealm events with camping, feasting, dancing, and storytelling. We will adjust our plans to meet his vision.
- Regarding Horses and Hounds, the widow of Master Terafon has requested that we not stop hosting this event – that equestrian activities was part of his life's mission and we intend to honor that. We need to make sure the equestrian waiver gets in and start finding staff.
- For MK 50, we have requested land in L50, but no land slots have been allotted at this time.
- Regarding Pennsic, we need to train a new land agent.

Seneschal – report is in

Chronicler – report is due at the end of the month. Looking for a deputy. Need newsletter submissions by this Friday for the quarterly newsletter.

Exchequer – report is in, filed late due to a clerical error. Need to do the Domesday as a physical document, but the report is in.

Chatelaine – wants to hold a Pennsic planning potluck. Also has plans for a monthly baronial potluck. Plans for scribal night are in the works with details to follow.

Rapier – Thanks to the other marshals who have stepped up. Deor should be back with us soon.

Herald – Report is due at the end of the month. The Baron and Baroness are looking for scribes to create scrolls to resolve all of their remaining business before they step down.

Archery – Melisande has filed her marshal at large report. We're good to hold practices or events.

A&S – Report is in on time. Please keep sending in A&S activities to be included in the report.

Old Business:

There are changes and plans requested by TRH, specifically tournaments on Sundays. Hengist has volunteered to sponsor a Friday night torchlit tourney at May Day.

Artemisia's menu for May Day was looked over and approved.

Need a Hall Steward for May Day.

New Business:

Frigga has knowledge of an event at the Duke Energy Center for a demo. It's a big event where college students find communities. We would have a 6 foot table for about 8 hours on a Saturday in September. Registration is in August.

The Seneschal has proposed creating the office of quartermaster. It would be a deputy of the Exchequer to catalog and record all of the locations of the baronial possessions and aid in the transition. Also to help maintain loaner gear to proper standards. Volunteers are encouraged.
