

May 2019 Meeting Notes

Seneschal – report due tomorrow. Will go in on time. May Day happened.

Exchequer – Did well. Over \$4,000 deposited. Minor panic – thought had lost \$50 bill. Report on time and event report will go in

Rapier – Report on time

A&S – May Day good presentations. Work nights at K&T's, work days at library

Chronicler - still looking for a deputy / replacement (except for a 6 month break, I've been Chronicler since 2014). Please be sending in your submissions for the summer quarterly newsletter, due in mid-June. Next report is due July 1st.

Chatelaine - We had 6-7 newcomers at May Day. I have been charged by the regional chatelaine to create kits that can be picked up at events by newcomers and folks wanting to learn a new craft and am looking for supply donations / ideas for them. As well as articles of things that newcomers can participate in / be hands on and helpful right out of the gate. This mayday was hella fun and I enjoyed myself thoroughly. Voting for it to be the same site next year. Love you all bunches!

Herald – awards were given at May Day: AoA for Karianne and Red Company for Baron Ulf, Baronial award for Michael and me. Please let me know if you've received any awards not mentioned. Report due by June 30th.

Old Business:

May Day was a success! Feast was sold out. Our final head count was about 242. We made money! We have received many compliments and gratitude for the wonderful event. Thank you to everyone for helping to make this event a success! Still owe site and there might be some extraneous costs. Should clear about \$2,500 profit. Lunch tavern made money. Could use the site again or look at feed lender. Handicapped spaces or golf cart for transport. Do a past mortem. A&S classes need work – talk on. Heralds to cry classes. Shelving for loaner gear. Got some plastic shelves to get stuff off the ground. Need at least one more box for rapier equipment. Need smaller gorgets for rapier loaner gear and extra large tunic and mask. Where to get? Darkwood or check fencing club at UC. Shop around and put together a bid. Make tunic.

New Business:

Archery – outdoor range possible. Marshals more intimidating if we shoot as a group.
