

## September 2019 Meeting Notes

**Exchequer** - Report in on time. \$4040.00 in bank

**Seneschal** - Report in late due to technical difficulty, but in now. We had a nice event.

**Baron & Baroness** - Championships was everything hoped we could have hoped for, thanks to all. Also, Z wants to host again next year and we're talking about how to make the event even better.

**A&S** - Report went in on time. People are starting to use the KMOAS's online tracker to report A&S activity, and that's a good thing.

**Archery** - Report went in on time. Diore is really close to having her marshallate. Harbor Freight gives foam trailer spacers to non-profits, and we can assemble them to use as archery targets

**Thrown Weapons** - Orn is making new marshals! New marshals badly needed.

**Heavy** - Report in and we have fighters

**Rapier** - Diore's term of office is up. Gabriel is ready to step up, and we will vote next month.

**Herald** - Report is in. Lots of people are suddenly wanting names and devices

**Chronicler** – Report on Facebook. Quarterly report due at the end of the month. Please send me your newsletter submissions before this Friday (have received nothing yet - looks like it will be a short newsletter). Still looking for a deputy to train and take over as Chronicler, please.

**Chatelaine** - Losing Friga to Flame, need replacement. Alex volunteered, Reinhold volunteered as his deputy.
