# Letter from the Baron and Baroness

Unto the members of Our beloved Barony of Fenix do Reinhold and Lynne send Our warmest greetings.

Spring is here! The flowers are in bloom, the weather is warming up, and then there's the rain. We would like to get a picture of everyone in garb to update the group's Facebook cover photo. Maybe try at Grand Tourney? Speaking of events, mark your calendar for Martial RUM (the Baroness of Fenix is the Royal University of the Midrealm's Chancellor) on May 16, 2026 in the Barony of Flaming Gryphon, as well as for our own May Day on June 13, 2026. We look forward to seeing everyone there!

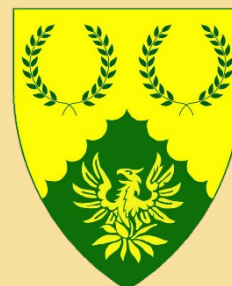

Assistance would be much appreciated with making Baronial tabards, belt favors, and rapier capes (and anything else Baronial-related that people can wear) for the upcoming year. We have green and yellow fabric, if needed.

Looking ahead, summer will be here before we know it and calendars are filling up quickly! If you would like to camp with the Barony at Pennsic, online pre-registration closes June 15th. You must pre-register to camp with the Barony of Fenix. Please send an email with information, such as arrival and departure dates, tent dimensions with ropes, and preferences (such as if you prefer to be camped next to someone else and/or away from the road – no guarantees, but will try to accommodate requests). Send email to [fenix.landagent@yahoo.com](mailto:fenix.landagent@yahoo.com). Camp fees are \$30 per adult and \$15 per child. The fee helps to cover gas for the hot shower water, as well covering the cost for the Fenix Ghost (the shower trailer). We will be bringing our garage tent again for anyone in camp who wishes to store their armor in this tent.

Speaking of Pennsic, between juggling Goettafest and Pennsic simultaneously, being the Land Agent (and His assistant) is tricky and stressful for Us. Thankfully, Lord Wilhelm has graciously taken the job of proxy and site representative (the person who is going to be at Pennsic when the land agent might not be on-site) for set-up weekend and mid-week for this year's Pennsic (again). We cannot stress enough how helpful it would be for us if someone else took over as Land Agent (or coordinated with others in the Barony as to who would be Land Agent vs. Site Representative and/or Proxy), for this year and especially in the future.

Have you seen someone do something awesome? Please let Us know! Please submit Baronial Award recommendations on the baronial website: Go under About the Barony, then click on Awards to Barony Award Recommendations.

Sit Surge Fenix!  
(Let Fenix Rise!)

# Letter from the Chronicler

Greetings Barony!

As I have gone through the documents of our barony's history, I had the thought of what was missing. I asked others across the kingdom and I received the advice to record the stories from others. Stories of our start as a Shire and then a Barony. Memories of members who have passed. The "You won't believe it, there I was..." stories. So now I ask you, the barony, what type of stories would you like recorded? Do you have stories you want to record? I am willing to get a recorder and have a conversation, create an interview style, or receive the written word.

To be featured in our section "Meet the Barony", please fill out the form here: <https://forms.gle/Jz2t2wgQnCX8Xqqn7> Whether you are a new member or member of decades!

What else would you like to see in the newsletter? Please let me know.

In service,  
Lady Roisin de Burgh

# Letter from the Minister of A&S

First, a hearty thank you to our outgoing MoAS, Dame CuMhara O'Holyhead for her dedicated service to the arts and sciences.

As I step up into this office, I would like feedback on to the sort of classes/demos/workshops you all would like to see. Either at a meeting, craft night, event or as an afternoon get together (either at a local park, someone's house or local library).

Here are a few class examples from the Pennsic class catalog of times gone by:

- \*Calligraphy/Illumination
- \*Period pigments and how to make them
- \*Medieval cooking
- \*Brewing beer, cider and mead
- \*Dance (English country or Italian)
- \*Jewelry making
- \*Embroidery
- \*Blackwork
- \*Making simple tunics, pants, capes and tabards
- \*Blacksmithing
- \*finishing touches for garb
- \*Jewelry and accessorizing your persona
- \*Drumming
- \*Bellydance
- \*Armor making
- \*leather working
- \*metal etching
- \*fiber arts - spinning, dyeing

If there's anything you'd like to see, please let me know and I can run down a local expert or expert adjacent. We have some really excellent teachers and researchers in the area willing to share their knowledge and teach.

We have Roisin's embroidery class to reschedule once we set up in our new practice site. Also, if you would like to TEACH a class, that would be great! Let me know what class you would like to teach and when you'd like to teach it and we'll get it on the schedule.

Upcoming A&S events this quarter:

The weekend of April 10-12, there is a Fire Arts Symposium in Wood River, IL. Classes will be devoted to the fire arts such as blacksmithing, bronze and pewter casting, as well as glass work and dyeing over an open fire.

Martial RUM will be held in May at the Huber Heights Senior Center. A great opportunity to learn something new and try something new on the list field.

Bardic Madness runs May 29-30 in Northshield (Mankato, MN). Bards from all over come to hone their craft and tell their stories

Go forth and create!  
THL Thalia Baroncelli
